Order Success Page GraphQl User Guide

How to install the extension

1. Install via composer (recommend)

- Enable maintenance mode **php bin/magento maintenance:enable**
- Run the command **composer require mageinic/order-success-page-graphql**
- Run the command **php bin/magento module:enable MageINIC_Core MageINIC_OrderSuccessPageGraphQl**
- Run the command **php bin/magento setup:upgrade** to install the extension
- Run the command **php bin/magento cache:clean** to clean the cache
- Disable maintenance mode **php bin/magento maintenance:disable**
- Check the store environment if everything is working properly. If, at any point, the store displays an error, check the Magento logger for more details.

2. Upload via ZIP/Archive

- Back up your store's database and web directory
- Download the extension zip file and extract the zip file
- Transfer the **MageINIC** folder to the Magento 2 **app/code/** directory on the server
- Enable maintenance mode **php bin/magento maintenance:enable**
- Run the command **php bin/magento module:enable MageINIC_Core MageINIC_OrderSuccessPageGraphQl**
- Run the command **php bin/magento setup:upgrade** to install the extension
- Run the command **php bin/magento cache:clean** to clean the cache
- Disable maintenance mode **php bin/magento maintenance:disable**
- Check the store environment if everything is working properly. If, at any point, the store displays an error, check the Magento logger for more details.

Store Configuration

- Please include the following query in the body section to fetch the module store configuration values.

  End Point : {{baseurl}}/graphql

  Method: POST

  Request:

```
{
  storeConfig {
    order_success_page_enable
    order_success_page_show_shipping_address
    order_success_page_show_shipping_method
    order_success_page_show_billing_address
    order_success_page_show_payment_method
    order_success_page_show_order_product
    order_success_page_show_print_order_link
    order_success_page_show_reorder_link
    order_success_page_description
    order_success_page_thank_message
    order_success_page_size_thanks
    order_success_page_color_thanks
    order_success_page_text_before
    order_success_page_size_before_text
    order_success_page_color_text_before
    order_success_page_text_after
    order_success_page_size_after_text
    order_success_page_color_text_after
  }
}
```

  Response :

```
{
  "data": {
    "storeConfig": {
      "order_success_page_enable": "1",
```

```
        "order_success_page_show_shipping_address": "1",
        "order_success_page_show_shipping_method": "1",
        "order_success_page_show_billing_address": "1",
        "order_success_page_show_payment_method": "1",
        "order_success_page_show_order_product": "1",
        "order_success_page_show_order_status": "1",
        "order_success_page_show_print_order_link": "1",
        "order_success_page_show_reorder_link": "1",
        "order_success_page_description": "<p>{{widget
type=\"Magento\\Catalog\\Block\\Product\\Widget\\NewWidget\" display_type=\"all_products\"
show_pager=\"1\" products_per_page=\"5\" products_count=\"10\"
template=\"product/widget/new/content/new_grid.phtml\" page_var_name=\"pcczll\"}}</p>",
        "order_success_page_thank_message": "Thank You!!!",
        "order_success_page_size_thanks": "30",
        "order_success_page_color_thanks": "#FFA500",
        "order_success_page_text_before": "Please check your order information again",
        "order_success_page_size_before_text": "30",
        "order_success_page_color_text_before": "#ff0000",
        "order_success_page_text_after": "Hope to see you next time!",
        "order_success_page_size_after_text": "30",
        "order_success_page_color_text_after": "#FFA500"
      }
    }
}
```

You receive store configuration data set on the backend, including:
